Subject: RE: Draft Deschutes Timeline

We have gotten what we needed from Ecology, but it was slow and piecemeal. I have been pondering what the right message is for Tuesday. We should receive and need better cooperation from Ecology, but they do have some practical limitations. I talked about it with Michelle W. and will discuss with Miranda as well.

Subject: RE: Draft Deschutes Timeline

Thanks, Dave.

Have we gotten what we need from Ecology or are we at least on track to receive that information? If not, next week's visit to Olympia might be a good opportunity to raise in a sidebar. If we have gotten it, we may want to consider more "public" acknowledgement.

Subject: Draft Deschutes Timeline

Hi Leah and Dave,

I received the draft Technical Approach from TetraTech, and the draft timeline. Their timeline was more of a guiding schedule based on how fast they could produce something after EPA comments and/or receiving needed information from Ecology. I'm attaching the schedule, with my attempt to add in due dates for things based on an assumed EPA review schedule (my edits are in track changes).

I'll provide this feedback to TetraTech along with my comments on their Technical Approach, so this timeline isn't considered final yet until we have a chance to discuss it. Ex. 5 Deliberative Process (DP)
Ex. 5 Deliberative Process (DP)
Ex. 5 Deliberative Process (DP) We can talk more next week.

Thanks,

Miranda Hodgkiss
