SUBJECT: Genus General Notice / Info Request

SUMMARY OF COMMUNICATION

As recollected on 9/26/88 DS.

Genus is about to go public and wants to clear up MEW liability to the extent possible before doing so.

Asked questions about process, site, + type of study we'd want them to conduct.

+ explained that there would probably be a grouping of companies that only used "MEW" target chemicals + didn't have underground tanks, etc + that we were looking to find all sources + that that should only require soils work.

CONCLUSIONS, ACTION TAKEN OR REQUIRED
