Executive Officer
California Air Resources Board
1001 I Street, P.O. Box 2815
Sacramento, California 95812

Dear ~~Mr. Corey~~ Richard:

On April 30, 2019, the California Air Resources Board submitted revisions to the California State Implementation Plan (SIP). We have reviewed the materials submitted with the following document and found that they fulfill the completeness criteria in 40 CFR Part 51, Appendix V.

District	Regulation #	Title
Mariposa County Air Pollution Control District	513	Emissions Statements

The finding of completeness conveyed in this letter represents the EPA's determination that the deficiency that formed the basis for the findings of failure to submit with respect to the emissions statement requirement has been corrected. As a result, the sanction clocks started under the EPA's December 11, 2017 finding of failure to submit regarding the emissions statement requirement are permanently stopped as of the date of this letter. See 40 CFR 52.31(d)(5).

In the coming months, we will review the complete revisions for action pursuant to Clean Air Act section 110(k).

If you have any questions regarding our completeness review, please call me at (415) 972-3183 or have your staff call Arnold Lazarus at (415) 972-3024.

Sincerely,

Elizabeth J. Adams
Director, Air & Radiation Division
