Subject: Lane Plating CAG Community Information Meeting
Attachments: Resume_Lythcott.Michael.J(1).pdf

Hi Chris and John,

I just wanted to share an update regarding the CAG process for Lane Plating. To date, I have not received any suggestions for CAG members from the City of Dallas. I have spoken with the city numerous times, and Paul White has asked the city councilmembers regarding it. As we are engaging with our contractor from Skeo to facilitate the process, we plan to hold an informational meeting for the local community about standing up a CAG on the potential date of July 25, 2019. We are hoping to invite the city to the meeting to encourage them to engage. Mr. Lythcott is available and will be in Dallas on July 24 to conduct interviews with city council, Paul Quinn college and local community groups as well. We have contracting funds for two more meetings after this one. Please see the attached for his resume.

Kenneth also mentioned potentially taking 20 minutes prior to the CAG presentation to give a brief update on the site. With the site sampling data verification being delayed, we think this is a good way to share what information we can. Please let me know what you think, and if this works with scheduling.

Thanks,

-Ed-
