Honorable Harold Runnels
House of Representatives
Washington, D.C. 20515

Dear Mr. Runnels:

This is in further response to our letter of November 16 concerning the issue of bonding requirements raised by Mr. Floyd Correa, Governor of the Pueblo of Laguna.

Enclosed is a copy of a report on this matter. As stated in the report, when the Environmental Assessment and mining plan are given final approval, it will be possible to establish a level of bonding commensurate with the reclamation and rehabilitation responsibilities required.

It is anticipated the Environmental Assessment and mining plan will be approved in the near future. In the interim, reclamation procedures are now in progress and on schedule.

If we can be of further assistance, please advise.

Sincerely,

Kenneth J. Fredericks
