Please send me the agenda as soon as you have it finalized so I can share with my boss and the congressional folks. Also, I'm heading home so won't be able to make it tomorrow or, likely, for any meetings this week. Please let me know if I can call in. thanks, Doug

Two additional items from my boss:

- Other known collection system issues in January and February?
- Summary and analysis of flows to ITP and Punta Bandera

Doug
I can't get to that document. Is EPA using OneDrive now or were you trying to post to the sharepoint I shared with you and Hiram.

Liden, Douglas has shared a OneDrive for Business file with you. To view it, click the link below.

Draft agenda binational meeting for Feb 2017 spill into Tijuana River_DL.docx

Attached are my comments to the agenda. Do we really need two days? Seems like we could cover this in half a day (minus tour) if CESPT comes prepared.

Also, can you send me again the final agenda for the minute 320 meetings tomorrow?

Thanks, D
