Willamette Basin Mercury MDV Advisory Committee:

Attached please find materials that we will discuss at the June 3 advisory committee. These include two versions of proposed rule amendments; the first marked up with deletions and additions; the second without the markup. Because we are adding a definition to the lengthy "Definitions" and "Basin-specific Criteria for the Willamette Basin," I apologize for a lot of rule language not relevant to our discussion. Please focus on Definition #71 (page 8); our variance authorization rule (pages 8-13); and the MDV rule (pages 19-21).

I also have included a draft fiscal impact statement for our discussions.

Please feel free to contact me with any questions.

Sincerely,
