Re: Administrative Order on Consent Regarding the Warm Springs Public Water System (PWS ID# 104101247)

Dear Chairman Tsumpti Sr.:

Please find enclosed the Administrative Order on Consent ("Consent Order") signed by the U.S. Environmental Protection Agency (EPA), Region 10, and the Confederated Tribes of Warm Springs ("Tribe") regarding the water system described above ("System").

On May 15, 2019, EPA sent a proposed version of the Consent Order to the Tribe along with a solicitation for government-to-government consultation. After consultation between the Tribe and EPA on May 22, 2019, and follow up conversations with legal counsel and technical staff, both organizations reached agreed upon language for the Consent Order. The Consent Order is now signed by both parties and in effect. Compliance is achieved by meeting the required actions in the Consent Order.

If you would like to further discuss the Consent Order, please contact me at (206) 553-6695. Otherwise, the EPA technical and legal staff will be in close contact with your technical and legal staff as we work together to address these issues. Thank you again for your prompt attention to this important matter.

Sincerely,

Edward J. Kowalski
Director
