Subject: ASPECT Status 18 April 2013
Date: Thursday, April 18, 2013 8:20:03 AM

All,

ASPECT is currently standing by to return to the West, Texas site due to weather. The ceiling is currently very low (200 - 300 feet) with heavy rain. Conditions are improving and it looks like we will be able to get into the air about 1000.

We are currently working on additional data and will have tabular data to the Region in a short amount of time.

Please give me a call at 513-675-4753 if you have any questions. I will send out a message concerning the conditions at 0900.

Mark
