Subject: Status of ORC Review of Permits

At the end of every week, I'm going to give you guys a quick summary of what is in ORC for review. That way, if a permit gets lost or dropped, you can let me know. Here's this week's list:

In ORC for review:

Non-Responsive – due to requester agreement

John Day Permit/Lower Columbia Fact Sheet – I'll start review early next week

ORC has completed review of the following:

Non-Responsive – due to requester agreement

Non-Responsive – due to requester agreement

As an FYI, towards the middle to end of next week, I'm going to get started drafting **Non-Responsive – due to requester agreement** I expect this will take up the majority of my time during that period.
