Dear All:

Good news! The Los Alamos final designation has been signed by the RA!
I was unable to scan the whole final designation document with appendices as it contains almost 200 pages. I will try to combine all of them tomorrow. For now, attached please find the signed final designation document with appendix 1 and other necessary documents..

Let me know if you have any questions..

Thank you,

Hi all,

Today is the day for the Final Designation signature! I want to thank everyone on this email chain for getting this to the finish line.

Once it's ready, please send us over a copy of the final package (word and PDF signed versions of the Final Designation) and the RTC.

I'm in the office all week, let me know if you need anything else from us in DC.

Thank you all,
Robyn

Thanks. I finished my review and only had a few edits. Pete is reviewing now so you probably want to wait until he's done before you go in the document.

Hi all. Nasim and I believe we have responded to all your edits/comments on the RTC and have the document cleaned up and ready to go on the ShareDrive. I made a few additional edits, including rewording a couple of sections that people found awkward. I've noted those revisions in comments to the document. Please take a last look and let us know if you have any final comments or edits. If not, we will delete all the comments (most we've already deleted – we left in the most recent ones so you could see the suggested resolutions) and put the final document in concurrence. Our plan is to circulate the final documents for Regional management concurrence tomorrow and then forward it to the RA. He is out tomorrow, but will be in Monday and is expecting the package for signature. He knows it has to be signed Monday -- and he is scheduled to leave by 3:00, so it should be signed before then.

Thanks for all your help on this! Let me know if you have any questions or concerns. Renea

I reviewed, my edits/comments are in there, adding OWM's Robyn, Rachel, and Chris.

This still needs a fair bit of cleaning up, especially considering we basically need to finalize it tomorrow, or at least on Monday BEFORE the RA signs the designation (we can't work on the RTC after the RA signs).

Thanks -- Pete

Dear Renea and Peter:

Please see the most updated response to comments document for your review. I have added the County's detailed comments on comment 6, 8 and 9 for clarification. Let me know your thoughts..
