Ken,

There were 16 parcels identified for Wilcox, which translates to $5600 for obtaining the title documents from a local title company. The cost is $350/parcel.

Toeroek staff contacted six local companies to obtain bids. Three companies responded. One bid was for $9600, the other was $4800 but they are booked for the next month. The vendor selected at $5600 is the best price for the turnaround you requested.

Best regards,

Kim
