Bill, I reviewed/approved this with them several times before the holidays ,and instructed them how to do a mailing list, get the fact sheet out asp, etc. I also asked Jason and Denise to assist in my absence. Thought this was completed. I will call them immediately and see what the hang up is…

Donn,
Would you please review this and tell Toeroek whether to go forward with this and the mailing list, or change what you feel needs changing. I need to get this out here soon , since the site listed December 12, 2013. I will then need to get travel plans and take Stephen with me, to go door to door and do Community Interviews.

Thanks for your help,
Bill
