Subject: Wilmington Marine Services - Application Request

Hello Nicole,

Mark Withrow with the Port of LA has asked me to submit a formal request for a TSCA application for PCB removal efforts at the Wilmington Marine Services site. The legal department has requested this formal request for an application, as they are in the middle of cost recovery discussions with the former leasee.

When you get a chance, please take a look at the attached application request and let me know if you have any edits/comments.

Steve, Patrick, and Mark – if you have a chance to review and have any edits as well, please let me know.

I'm hoping to get this out by the end of this week.

Thanks!
