Subject: RE: Status of Juneau Co Data

I have all the data, but I need some explanations by the laboratories if holding times were met and explanations for some of the data results.

Sincerely,

Cheryl Burdett

> Cheryl -- For question #3, when will WD have all of the data? Will your report include all of the data analysis? I'd like to have an internal meeting with the group on this email (and anyone else you think appropriate) to discuss next steps including releasing data to WDNR and putting info on our website, analysis of the data and discussing enforcement options once data have been analyzed, and timeframes for briefing up the chain and discussing any possible enforcement actions (federal or state) with HQ, and WDNR.

> Response: I, Cheryl Burdett, have sent the data to three of the five homeowners and left messages a couple of times with the other two homeowners. One of the two, who I have not sent the data to tried to contact me, but I was unable to reach him when I called back. The other person has not made any attempts to get in touch with me.
