Cheryl,

Here's the list of labs we discussed that we'll have in place starting 5/1/2018. Note that this doesn't include the N15 isotope lab that Daisy's working on since that's more specialized. As we discussed, it takes about 2 weeks for us to get a lab we've used previously in place and about 3 weeks for us to get a completely new lab in place. Please let us know if you have any questions.

Lab Name	Number of Samples
Alloway Jessica Begonia 1101 N. Cole St Lima, OH 45805 419-223-1362	fecal coliform, E. coli, BOD5
Element Materials Technology Zach Bowman 328 Ley Rd, Suite 100 Fort Wayne, IN 46825 260-471-7777	fecal coliform and E. coli
ETP Labs Mirka Lenos 638 Executive Drive Willowbrook, IL 60527 630-891-3392	fecal coliform and E. coli
Microbac Laboratories Kevin Falvey 250 West 84th Drive Merrillville, IN 46410 219-769-1664	fecal coliform and E. coli
Pace Analytical Services Steve Mleczko 1241 Bellevue Street #9 Green Bay, WI 54302 920-321-9440	fecal coliform and E. coli
Saginaw County Dept. of Public Health, Tamara Theisen 1600 N. Michigan Ave, Rm. 102 Saginaw, MI 48602	E. coli

989-758-3680	

Thanks,
Jess

Cheryl,

I wanted to follow-up to make sure we prioritized getting the labs in place under the next option period that starts 5/1/2018. I'll give you a call later today to talk through it, but feel free to call me when you have a chance.

Thanks,
Jess

Cheryl and Ryan,

We're preparing for the contract option period change (the current option period ends 4/30/2018). Here's a list of the labs we have current contracts in place with. Note that this doesn't include the labs for the CSD sampling under TD 53. Can you provide an update on which of these labs are located near your anticipated upcoming CAFO inspections? We will use your input to prioritize the labs for the next option period. As a reminder, we can always add labs later if your inspections change, but do need about 3 weeks' notice to get a new lab in place. There may also be some duplication in these labs that we can streamline (e.g., Alloway and Brookside are about 45 mins apart).

Is there anyone else, like the Cleveland office, that we should reach out to?

Lab Name	Number of Samples
Alloway Jessica Begonia 1101 N. Cole St Lima, OH 45805 419-223-1362	fecal coliform, E. coli, BOD5
Brookside Kari Long 200 White Mountain Drive New Bremen, OH 45869 419-977-2766	fecal coliform, E. coli, BOD5, TDS, and TSS
Element Materials Technology Zach Bowman 328 Ley Rd, Suite 100 Fort Wayne, IN 46825 260-471-7777	fecal coliform and E. coli
ETP Labs Mirka Lenos 638 Executive Drive Willowbrook, IL 60527	fecal coliform and E. coli

630-891-3392	
Lyons Laboratory Shawn Lyons 9795 US 20 E Stockton, IL 61085 815-947-3660	fecal coliform and E. coli
Microbac Laboratories Kevin Falvey 250 West 84th Drive Merrillville, IN 46410 219-769-1664	fecal coliform and E. coli
Pace Analytical Services *(note this was to support MS4 sampling)* Adam Krieger 1700 Elm St., SE Minneapolis, MN 55414 612-607-1700	fecal coliform, total coliform, and E. coli
Pace Analytical Services Steve Mleczko 1241 Bellevue Street #9 Green Bay, WI 54302 920-321-9440	fecal coliform and E. coli
Prairie Analytical Systems Jennifer Solomon 1210 Capital Airport Drive Springfield, IL 62707 217-753-1152	fecal coliform and E. coli
Saginaw County Dept. of Public Health, Tamara Theisen 1600 N. Michigan Ave, Rm. 102 Saginaw, MI 48602 989-758-3680	E. coli
Teklab John Riley 5446 Horseshoe Lake Road Collinsville, IL 62243 618-344-1004	fecal coliform and E. coli

Thanks,
Jess
