Re: Wilcox Oil Superfund Site, Bristow, Creek County, Oklahoma

Dear Mr. Benton,

This firm represents Sun Pipe Line Company ("Sun Pipe Line") and Sunoco, Inc. ("Sunoco") with respect to the above referenced property (the "Site"). Please accept this letter in response to the Special Notices from the U.S. Environmental Protection Agency ("USEPA") to Sun Pipe Line and Sunoco dated July 28, 2014 offering Sun Pipe Line and Sunoco the opportunity to enter into negotiations to perform a Remedial Investigation and Feasibility Study at the Site. Pursuant to USEPA's letter dated October 2, 2014 (e-mailed to my attention on October 8, 2014), Sun Pipe Line and Sunoco were granted an extension until October 15th to respond to the Special Notices.

After a diligent review of publicly acquired materials and Sun Pipe Line's and Sunoco's files, both Sun Pipe Line and Sunoco are unable to confirm their respective responsibility for the conditions at the Site. Therefore, Sun Pipe Line and Sunoco respectfully decline the invitation to negotiate with the USEPA at this time.

As I indicated during our phone conversation on September 24, 2014, if the USEPA has additional information demonstrating that Sun Pipe Line and/or Sunoco are responsible for the conditions at the Site, we request a copy of same and will consider the documentation.

9547682

If you have any questions, please feel free to contact me.

Very truly yours,

ARCHER & GREINER
A Professional Corporation
