I will be also be working remotely.

Sincerely,

Cheryl Burdett

I sent an invitation for 6/1 at at 9 am. I did not schedule a room for this meeting and will call in remotely. Will you both be in the office? I can reserve a room for folks who will be here and want to get together, but didn't want to take up room space if everyone is calling in separately…
Bruce is checking with CRL and will forward the invitation to whomever is identified as an appropriate contact(s) there. Not sure if they'll make the "long walk " here for it, or call in from the lab…

Hi Amy,

Thank you again for setting this up. My schedule is correct, so thank you for working around my meeting.

Cheryl Burdett

Subject: Update on Meeting with WDATCP re: Central Sands Water Monitoring

Hi Cheryl,

Here's the latest: I'm still waiting for confirmation from WDATCP on meeting next week. They are checking with DNR. The Wed 5/30 date (10:30 am) is now proposed for Fri 6/1 (pending DNR response). Per Outlook, it appeared that you have a meeting at 11 am on 5/30, so I didn't want to interfere with that. Will send invitations as soon as I hear more…
