Hi Cheryl,

I am attaching the data as it was received from the lab for our groundwater survey. Attached are two spreadsheets and a few maps(nitrate, chloride and a base map).

The first spreadsheet labeled DWP.... Contains all of the information. The second labeled WEAL... represents the file with redacted personal information that we will be using for any open record requests.

This is the confidentiality statement that was provided by our corporate council and hope you understand why we are taking this stance:
Please remember that this information is being sent to you in confidence. You have the same obligation of confidentiality that we do, which is to say that the proprietary and identifying information about the well or property owners, including their names and addresses, is privileged confidential information and may not be released by you without prior explicit written authorization.

Please reply to let me know that you received this email.

Thanks
