Any concerns with the OCIR revisions to the draft letter before I send on to my counterpart at the Navy? I have accepted the track changes in the version sent back to me from OCIR and renamed the file and made the change requested by Bill Glenn. Please make any final edits to this attached version before I share with Navy and ask them to share a copy of their response letter.

**Importance:** High

OCIR's Carolyn Levine has shared some suggested edits in redline. Please let me know if/when I can go ahead and share with my counterpart at the Navy, Jeanine Womble, and at the same time, ask if they can share a draft of the Navy's response for our review. Please note Carolyn's comment regarding cc's and let me know if we still wish to include in the final draft. Thanks.

I am out of the office due to some back issues so if the yellow folder is coming up to me in OPA, can they deliver the yellow folder instead to Kelly Zito who is our Director and she can review concur. Please keep in mind that I have shared a draft with OCIR's Carolyn Levine and am awaiting her review/comment. Once I get that, I will be sharing with my counterpart at the Navy, Jeanine Womble, and asking her to share with me the Navy's response for our review. It is my understanding that the target date for both our and the Navy's responses has been moved back to Monday, June 18th so both responses can go out at the same time.

Using the file Thomas just sent, I made one edit to Dr. Smith's cc listing.

Here's the updated file with today's date on it.

The yellow routing folder is being sent to Brent.

Sorry for the spam. This is the version that is circulating now. (I just took out the definition of CDPH since it was only used once—no other changes)

I'm signing off on the yellow package right now (for Brianna) and will move it to John. I've made a few very small edits in the version attached, accepted all changes, printed it, and replaced it in the package. Let me know if anyone needs anything more from ORC. I'm happy to help coordinate.

Thanks,

Thomas

I can share the latest draft with Carolyn Levine in OCIR for her review and comment before I then share with the Navy's Jeanine Womble who is my counterpart with the Navy for review comments. I will keep you all posted on whether OCIR's Carolyn Levine has any comments or edits to this revised draft.

Thanks for all this work, Lily! I think we should check with Brent first thing Monday on the HQ routing issue. I think we're in good shape. As you know, we also have a reporter eager to see our response.

I'll be here Monday morning and will touch base with Brent.

Have a great weekend!

Bill

In addition, Enrique was the last reviewer on this version, so I checked with John, who confirmed it does not need to go through him again. However, he will need to sign on the yellow folder. Attached is a photo of the routing slip. It does not have HQ on it. Brent said there is a possibility it may need to go through HQ. If so, do you know who it goes to and how to route appropriately?
