EPA AIR DOCKET

OMS

Mr. Reilly,

After Some Study, I would like to voice My Approval of, and support for Hitec 3000, The performance additive by Ethyl Corporation. With the current state of the Environment, I am very concerned with the Development of products to cut the amount of emissions produced by automobiles. I am very interested in the Use of methanol and ethanol for use as a motor fuel.

I Urge you to grant the waiver application presented by Ethyl corp. Based on the testing done, and the fact that Canadians have been using it since 1978, it seems as if it should be in use in this Country also. Please take this into Consideration in your approval process.

Sincerely,

Victor J Lewis
