Subject: FOR REVIEW: Batch 1 WHA72 - COB 5/6

Dear Colleagues,

Our first batch of **US position papers** for the 72nd World Health Assembly is ready for your review. The position papers and corresponding WHO reports are attached. If the item was already discussed at the January Executive Board, I've included a comparison version of the report to show the changes.

Please review only the position papers that are relevant to your agency's portfolio and send edits to your agency/department POC so they can consolidate comments and submit to HHS/OGA. Review guidelines are below.

Please submit all edits to Batch 1 position papers no later than COB Monday, 5/6 to me (maya.levine@hhs.gov), Ann Danelski (ann.danelski@hhs.gov), and Jacob Eckles (jacob.eckles@hhs.gov).

Papers for review in Batch 1:

Item	Title
11.2c	**International Health Regulations** (2005) (NEW)
11.3a	**Polio: Eradication**
11.5b	UHC: **Community Health Workers** delivering primary health care
12.2	**Member State mechanism on substandard and falsified medical products**
12.3	**Human resources for health: Code of Practice** - 3rd Round of Reporting & Global Strategy on HRH Workforce
12.5a	Global Action Plan on **Patient Safety**

5.1	**DRAFT RESOLUTON: Proposed Program Budget 2020-2021** *[NOTE: Please add any edits directly to the resolution with a justification for our negotiators. A position paper will be circulated at a later date for this item]*

I will send approximately seven batches of position papers for review between now and Monday, 5/20. We encourage you to review the WHO reports prior to receiving the position papers. The WHA reports are posted here.

Editing guidelines

Content:

- Position papers are internal background documents for the U.S. delegation, while talking points are delivered publicly.
- Prioritize reviewing the talking points, U.S. position, and then the background section for substantive changes.
- Talking points need to reflect any specific edits requested in the U.S. position section of the paper, and vice-versa.
- Focus any talking point edits to matters of controversy (e.g. requesting line item changes to a draft resolution text or substantive issues with the report) or areas the US supports.
- Please do not include readouts on national programs and initiatives in the talking points. Short descriptions can be included as background if relevant.
- The resolutions and decisions accompanying some of these papers are also for your review and if you have any edits, please provide a justification and prioritization of the edit for our negotiators.

Review process:

- Use tracked changes for any edits; don't use the comment function unless you are providing justification for a tracked change.
- Keep position papers to 2-3 pages and talking points under 300 words.
- POCs, please consolidate all edits from your Department/Agency/OpDiv before sending back to HHS/OGA.
- Let me know if you'd like to designate a different point person as a reviewer on behalf of your Department/Agency/OpDiv.
- POCs not responding to the batch emails will have "info" listed after their name on the clearance sheet.

Let us know if you have any questions or would like more details on the review process. Thank you in advance for your contributions!

Best wishes,
Maya
