Thank you for reaching out to EPA with your concerns regarding nitrate levels in wells in and near the Village of Nelsonville. I have compiled the information you and others have sent to Cheryl Burdett and myself and will be forwarding it to the Groundwater and Drinking Water Branch, Water Division, Region 5. Please feel free to contact me should you have any questions.

Cheryl and Julianne

I'm sure you are overwhelmed with all information from Village of Nelsonville/DNA hearing information/EPA involvement in Kewaunee Co, Wood and Juneau County.

I appreciate your consideration to accept our request for extending EPA help to Village of Nelsonville.

Please let us know your decision.
