Subject: Meeting Request

Hi Nate,

I work for Bayer Crop Science in the Washington, D.C. office. On Wednesday, January 8, Dr. Phil Miller – Senior Vice President for Global Agricultural Relations – will be in Washington for meetings. We were hoping to set up a meeting for him with Chad McIntosh to discuss international issues related to our crop protection portfolio. We will already be at EPA for a 2:00 PM, so were hoping to find some time with Mr. McIntosh as well. I very much appreciate your consideration, and please feel free to give me a call if that would be easier.

Many thanks and have a great weekend.

Best regards,

Luke Tomanelli
Director, Government Affairs
