Do y'all just want to do a Alex/Chad/Tate meeting? Luke mentioned that they wanted to meet with Chad on MRLs when reaching out for a meeting with Alex and Tate. We can combine the meeting as the issue involves each of your offices.

Thank you,
Derrick Bolen

Sure! Although I don't think it's just with me? OCSPP too. Derrick, you want to pass along the details?

Tate,

Is there any chance that we could tag along to your meeting with Dr. Miller? Luke in their office mentioned that he would like to speak with Chad regarding agricultural trade and exports as well as "international issues…" We would like to tag along to combine our meeting times.

Please let me know if possible.

Best,

Subject: RE: Meeting Request

Hi Nate,

Thanks so much for your response. Yes, we have a 2:00 PM with Alex Dunn and Tate Bennett. We are requesting this meeting with Mr. McIntosh to discuss international issues and particularly EPA engagement with other agencies on matters related to agricultural trade and exports. We would cover the same issues with Ms. Dunn and Ms. Bennett, in addition to some other domestic issues.

I hope this is helpful, and please let me know if I can answer additional questions. Thank you for your help.

Best regards,

Luke Tomanelli

Hey Luke,

I would be happy to coordinate a meeting for Dr. Miller and Chad. However, I do have to ask if you are already meeting with Alex Dunn while you are at the EPA. Alex serves as our Assistant Administrator for the Office of Chemical Safety and Pollution Prevention – handling the vast majority of our agricultural issues.

Please let me know if additional outreach is needed and I can coordinate with her staff.

Best,

Subject: Meeting Request

Hi Nate,

I work for Bayer Crop Science in the Washington, D.C. office. On Wednesday, January 8, Dr. Phil Miller – Senior Vice President for Global Agricultural Relations – will be in Washington for meetings. We were hoping to set up a meeting for him with Chad McIntosh to discuss international issues related to our crop protection portfolio. We will already be at EPA for a 2:00 PM, so were hoping to find some time with Mr. McIntosh as well. I very much appreciate your consideration, and please feel free to give me a call if that would be easier.

Many thanks and have a great weekend.

Best regards,

Luke Tomanelli
Director, Government Affairs
