"derisking" via sustainability and resilience…

Just the word derisking is intriguing enough to pull me in – thanks Ted!

Hi Martin,
Would you be interested in this. I got a call about the event from someone at the Swiss Embassy interested in inviting several EPA folks. I have passed on to Tony Socci, Anna and Hodayah…but than also thought you might be interested (includes cocktails and Raclette!). They are looking for attendees, not speakers. Note Rockefeller Foundation presenting.
Ted
