Just a friendly reminder, as you return from travel, that Yaz has finished the briefing document on Bishop Tube. I don't know what the deadline is for this, but wanted to follow up with you to see if you have comments or if you already sent it forward.

Attached is the Bishop Tube RA briefing paper using the latest format. Note, I left the Priority Level blank as I don't know the codes.

Please let me know if you have any questions or comments.

Thanks,
Yaz

Linda,
I guess they should download and use this briefing format?

Hi – Several months ago Maya Van Rossum came into EPA and talked about the Bishop Tube Site (PA) to us. I can't remember if either of you were in your position at that time but I do remember Site Assessment was present. Cos wants to call the Township and get a status of what is going on. In preparation, he is requesting a one page briefing paper. Can you have your staff put a paper together with their most recent information. Please send it to LaRonda, Karen, and I. Thanks
