Everyone,

For those of you who were unable to join us for the meetings in York and Lancaster last week, I thought I would send a quick email and share with you the information that we received from the counties and the results so far. While the full planning goals for both counties was not reached, we did get close; with a level of effort that is a stretch. Each county has identified a set of challenges and recommendations that will have to be closely evaluated. I want to emphasize that the conclusion of both meetings resulted in both counties wanting to go back and re-look at what was pulled together and re-evaluate what they want to propose. As a result, please consider these results and the templates as preliminary and do not share them widely. I thought the work of these two counties so far was phenomenal and I hope the information in these templates will facilitate some of your thinking as you complete your own templates for your respective workgroups.
To facilitate your review, attached are:

1. Powerpoint Summaries of the reduction numbers presented by SRBC and Matt Johnston
2. PDF summary of Lancaster's Plan presented by their planning team
3. The six templates completed by Lancaster
4. York's Template

Thoughts, comments are welcome.
