Phoenix, AZ 85007

SUBJECT: ADEQ Request for EPA Evaluation of the West Van Buren State Superfund Site

Dear Mr. Cabrera:

EPA received the Arizona Department of Environmental Quality's (ADEQ) letter of April 24, 2018 in which ADEQ requests EPA evaluate expanding the Motorola 52nd Street Superfund Site to include certain portions of the West Van Buren Water Quality Assurance Revolving Fund (WQARF) Site. Alternatively, ADEQ requests EPA evaluate certain portions of the West Van Buren WQARF site for separate placement on the National Priorities List.

We are reviewing this request. In the meantime, we request that you provide to our Site Assessment team the data that supports the plume maps that were attached to your April 24th letter, including locations of any drinking water and monitoring wells, well logs, and any groundwater and transport models developed for this area. Please send information to:

Dr. Kim Hoang, Site Assessment Manager
US Environmental Protection Agency, Region IX
75 Hawthorne Street (SFD 6-1)
San Francisco, CA 94105

Dr. Hoang can be contacted at (415)972-3147 or via email at: hoang.kim@epa.gov. We will provide a response to ADEQ's request within 30 days of receipt of the additional /requested data.

In the interim, if there are questions regarding this matter, please call me at 415-972-3843.

Sincerely,

Enrique Manzanilla
Director, Superfund Division
