Tip or Complaint:	(b)(6) supervisor intentionally had employees dump 250 gallons of offrod diesel into our yard in order to empty out ofna propane tank to be abe to Refurb and resell it. the diesel fuel went all over the yard all around the propane tanks and all over the yard into the soil. the dumped fuel was also right beside 4 55gal drums of UN 1193 and within close proximity of trilers loaded with propane tanks that still had propane vapor in them. I have pictures but am unable to upload them on here
