FYI, there are currently over 100 invitees on the meeting, Felicia is going to emphasize at the very beginning that this is an informational meeting and that we will create a small, focused workgroup with representatives from each larger office for any future calls. We won't put any numbers on it during today's call, but we anticipate that group would be perhaps 15 people.

Looks good to me. I think this needs to be a high level discussion on the topics identified, which I will talk to Tod about. This will be the first time that many of the regional staff on the invitation will hear this information and, while they won't necessarily be part of the workgroup, they may be able to identify questions that need to be answered or provide information/data as the workgroup needs it.

Expect the list of invitees to keep growing....

Arturo, Randy, and Tina –

Please see attached the draft agenda for today's meeting. I hope to send this out in approximately the next hour, sorry for the short notice but I appreciate any thoughts you may have. I have scheduled Tina and Tod to quickly summarize the McGirt decision, and 'Region 6' to discuss consultation. This is a preliminary kickoff meeting and we're not expecting to have any decisions made, just initiate the conversation with staff.

Thank you!
