I will be there. EPA is giving two risk assessment presentations - Michael Sivak will do human health, Mike Clemetson will be there as back-up for eco risk, (CDM will do presentation). Pat Seppi and Juan Fajardo will be there too.

FWS is giving a presentation too, they are first on the agenda.

Kellie Doucette, the district director for Congresswoman Mikie Sherill, just contacted Pat to let her know that she plans to attend the Rolling Knolls CAG meeting tonight. Not the Congresswoman, but Kellie.

As of now, Pat Seppi was the only one from our office scheduled to attend the CAG meeting, but I'm sure several people from ERRD are going.

I need to let Pete know, but wanted to share with you guys first.
