Thanks! I would have guessed that your extension was done 12-18 months ago! Thanks for the info!

Hi Sherry,

The most recent one I worked on is from April 2015 to extend the comment period on the Arkansas RH FIP proposal, so it's not a recent one. Along with extending the comment period we also announced the availability of supplemental information related to the FIP proposal. Based on recommendations for ORC we tried to keep it short and concise (see attachment).

I think maybe we have done a more recent comment period extension on Texas Regional Haze, but I didn't work on those so I can't recall with certainty. Jennifer- have you worked on one for Texas?

Thanks,

Dayana Medina

Subject: Hello

Good morning!
Yesterday I was notified by Sierra Club that they are seeking an extension of my NM 2008 O3 transport public comment period. I think that one or both of you have done a public comment extension FRN. If you have, will you send me the Word final draft. Do you know of anyone who has done one most recently?

Thanks for your help with this!
Sherry
