Jenny,

Thank you for the clarification on my queries.

Hope you have a good week,
Chris

Chris:

Re: the MOU – for the initial conversation it should be people familiar with the work group, so YOU!. Approvals and signatures will obviously need to be obtained from folks higher up, consistent with whatever kinds of internal policies each agency has.

Ken Riley with NOAA NOS said they are providing new maps to Kelly Lucas on the Manna project very soon. Those maps lay out several options. Per the discussion, after the Manna folks have decided upon an option, the maps for the one selected will be circulated to our group.

Jenny,

I missed the initial call-in due to a mandatory training event, but listened to most of the telecon from about 0915 - 0940 central time. Do you need any response from 96 Test Wing regarding the signing of the MOA? Based on the telecon, am thinking the signatories being sought are at a higher echelon within the Air Force than our unit. That said, let me know if I can assist with anything.

Also, it sounded like a new map of the proposed area is to be produced. If so, do you know when that will be available? That would be a big help locally to ensure 96 TW awareness.

Many thanks, and I hope you have a GREAT day

V/R,
Chris
