ST035
Williams Former Air Force Base
TCE Concentrations per EPA Method 8260B from Selected Sampling Events

Date	Lab Report	Sample ID	TCE Concentrations[a] in µg/L	
			Result	RL
Aquifer Water Quality Standards/Maximum Contaminant Level			5 µg/L	
February-12	280-25556-1	B760-MW13	0.159[b]	1.0
		All other samples	<0.16	1.0
August-12	280-32536-1 280-32571-1	All samples	<0.16	1.0
May-13	280-42678-1	All samples	<0.16	1.0
November-13	280-49325-1	All samples	<0.16	1.0
November-14	280-62617-1	All samples	<0.16	1.0
February-15	280-65463-1	All samples	<0.16	1.0

Notes:

MDL - Method Detection Limit

RL - Reporting Limit

< Not detected at or above the MDL

µg/L - Micrograms per Liter

References:

[a] - TCE concentrations obtained from additional review of the selected reports by TestAmerica Laboratory

[b] - Value is considered a concentration of 0.16, as the data is reported as rounded to two significant figures and is therefore at the MDL.
