Gentlemen,

Keep to your plan to clean up Chesapeake Bay, Dont let a group from Chenango County change your plan. This local group is making a lot of "Noise", they are chronic complainers. If you back down the "Bay" will never be cleaned up.

Our lands and water ways have been fouled and poluted for over 50 years.

I had a section of my land poisioned by agriculture, so I know from my own experience.

Best of Luck to you on your plan
