Subject: RE: WAFB EBR Checklist, Version 8

Good morning, team!

Attached is the latest version of the checklist, which includes Bo's graphs (second worksheet). Many thanks to Karla, Bo, Doug, and Dan for their help with this last week.

There are a few cells (half a dozen at most, highlighted in yellow for quick finding) where there is something unresolved. These are specific details (how to best word something, for example), and not big-picture items, so they should be rather painless to come to a decision about.

Carolyn: Would you want Karla, Bo, Dan, Doug, and myself to have a call to resolve these items, or would you want this to be a time that the entire group vets and discusses these items as part of looking at the entire checklist? What will ultimately give you what you need, in a way that is easiest for you?

Thanks again, everyone, for all of your contributions to this,
Eleanor
