Recon/SI Tracking Form

ORIGINAL (Red)

8/8/88
Date

SEMS DocID 2343177

Site Name: Arco Petroleum Products
TDD No.: F3 8807-17
Dump Site No.: PA-781
Section Supervisor: [redacted] Not responsive due to revised scope
Site Leader: [redacted] Not responsive due to revised scope
Recon Field Work Date: 8/4/88

Recon Findings: After discussion with FIT3 managers it was determined this site would be exempt from superfund due to the fact that unadulterated oily wastes were being treated and stored on site. No chemicals other than those naturally occuring in oil would be present.

SIO: [redacted] Not responsive due to revised scope
Date Contacted: 8/8/88

Telecon Notes: Informed Hue of the unadulterated oily waste exemption under superfund. This coupled with the lack of targets in the study area would not warrant us doing a full site inspection. She requested I document that no adulteration of the oily wastes was taking place.

Site Inspection: yes (no)
Sampling Plan Due Date: _____
Recon Report Due Date: 10-7-88
SI (Tentative Field Date): _____
