ARRA LUST Site Review Form

Eligibility Determination (how State determined site eligible for LUST)

unwilling and unable.

Issues (contamination, site abandoned, nearby receptors, etc.)

2007 inspection / several violations
Soil and groundwater sheen, not free product.
Mottley contaminated soil.

Site Conditions(land use [undeveloped, residential, commercial, industrial], PWS, surface water, etc.)

MIX

Susquehanna River only 100 yards ~ from site (~~across~~ across Rail Road Tracks)

Geologist Photos will be in final report

Misc Notes

BECAUSE of Remediation from 1994/1995 the site had 5 mini wells and 2 extraction wells. (Soil Vapor extraction SYSTEM)
* 5 active Tanks. For investigation DEC used ground penetrating radar ONE ANOMOLY TO INVESTIGATE STILL. BULK STORAGE CERTIFICATE SHOWED 11 TANKS. BUT their (DEC) further INVESTIGATION ONLY SHOWS * 5 TANKS.
