Subject: letter to Fred - comments please

Fred,

As I told you on the phone last week, we now have a DOJ attorney, Alex Sherertz (pronounced sha-**ray**) assigned to this matter. Alex has been getting up to speed on the long history of this case and is ready to assist us in getting an approved LTCP and the Consent Decree through which CRW will implement the LTCP. Going forward, please centralize all communication through Alex, cc'ing both me and Sushila Nanda.

In your last email, you advised that CRW was holding off filing the Notice of Dispute under Section XII of the CD, but wanted confirmation that EPA/DEP would not consider the clock ticking under the partial Consent Decree's Dispute Resolution procedures. Because we are still discussing this matter, the Agency does not believe we have even risen to the level of informal dispute resolution, and therefore, that section does not yet apply. We are willing to continue with another round of discussions in order to reach an agreement on an approvable LTCP. Should those discussions fail, we can reassess our positions and whether Dispute Resolution should be invoked.

To that end, we are awaiting your letter response to the Agency's communication of April 27, 2020 to Charlotte Katzenmoyer so we can address your issues and attempt resolution of those matters where the parties are still in disagreement. Once we receive that letter, we'd like to have an attorneys-only call with you to discuss where we are. Please advise as to when you think we will receive that letter.

Thanks for your continuing attention,
Pam
