Subject: FMCV Unilateral Administrative Order

Mr. Sidney,

Thank you for your ongoing coordination with my staff regarding the administrative order on consent to address arsenic MCL violations at the Polacca public water system. Given the slow pace of discussions and differences that still remain, EPA Region 9's drinking water enforcement office has made the decision to issue a unilateral administrative order to First Mesa Consolidated Villages. Such an action is also supported by the need to ensure compliant drinking water is being provided to all residents. Please expect to receive the order within six weeks.

This action will not preclude EPA and First Mesa Consolidated Villages from entering an administrative order on consent in the future, which would amend or supersede the unilateral order. Please feel free to contact Hillary Hecht of my staff at (415) 947-4266 with any questions.

Roberto Rodriguez, Manager
SDWA Enforcement Office
