Dan,

You should have received this earlier. BASF concurs with the requested changes made to the Terms of Registration.

Dan,

Please see the couple of minor changes from BASF in the attached document. The only significant one for BASF is the following:

They mostly clarify that the various alternate names for Volatility Reduction Adjuvant are "(may also be called Volatility Reduction Agent, pH Buffering Adjuvant, or pH Buffering Agent)." This removes the hyphen between *pH* and *Buffering*. I've added this at pages 1 and 14.

With these changes BASF concurs with the Terms of Registration as drafted.

Thanks,

Jeff
