SDDENR notified EPA of lead testing being done by **SD Air National Guard (SDARNG)**. SDDENR received inquiry from a school superintendent. EPA has responsibility for the lead program and the State wanted to know what action EPA was taking to address the situation, or what information/support we could provide. Lead wipe results vary from 60 ug/ft2 to 400,000 ug/ft2 (EPA standard 40 ug/ft2). The SDARNG lead-dust testing is part of a national effort. SDARNG has trained a team to do clean-up of the facilities. Primary concern with schools co-located with armory facilities. EPA R8 (OPRA and ECEJ) is coordinating with OPPTS and OSWER. Key messages provided to OCPI in event of media inquiries. HQ contacted national contact for Air National Guard. Key Region 8 Contact: Darcy O'Connor, Jennifer Schuller.
