Subject: **A21472 Plus VaporGrip® Technology (EPA Reg. No. 100-1623) Non PRIA: Submission of a Supplemental Label for Iowa (SYT Reference AD112486)**

Dear Ms. Schmid:

Syngenta Crop Protection, LLC is herein submitting a supplemental label to EPA for A21472 Plus VaporGrip® Technology (EPA Reg. No. 100-1623; Alternate Brand Tavium® Plus VaporGrip® Technology). The state of Iowa has requested that the following conditions restrictions for all dicamba product registrations for the 2022 growing season.

- Cutoff date: Do not apply to soybean after June 20.

Our intention is to provide this supplemental label to Minnesota users via Agrian, CDMS, and the Tavium tank mix website.

This information is being submitted as a fast track label amendment and therefore a PRIA category, fee, and timeline are not applicable. If there are any questions regarding the submission, please contact me at (919) 545-4986 or by email at amy.mccaskill@syngenta.com or our regulatory ops specialist Pat Eay pat.eay@syngenta.com with any questions.

Kind Regards,

PII
