Folks

Kate and I have added our comments to the file Amy created. Can folks give a heads up when they have loaded their comments to this file?

Thanks, Palmer

All –

As discussed, the 404 staff would appreciate seeing your draft fish comments as they are ready, as they relate to one another and prefer not to be duplicative on fish issues. Please file your comments (Word) documents in a folder I have created for us on the Pebble Sharepoint site, and we will do the same:
