**Dear Madam,**

Acoustical Solutions are pleased to provide the following technical proposal for the supply of Privacy Booth at William Jefferson Building North Building, DC.

(b)(4)

Single (1) Privacy Booth 4'2" Wide x 3'6" Length x 7'4 ¾" Height, detail dimensions as mentioned in the Proposal Drawing 170806TH02-1. This includes silenced ventilation, STC 50 rated acoustic window, and lighting operable by a switch.

Method followed to ensure STC-50:

(b)(4)

STC is the laboratory measurement of acoustic transmission loss performance. (b)(4)

(b)(4)

Hence, by guaranteeing and (b)(4), we are proposing a solution which exceeds the STC 50 design criterion.

(b)(4)
