Sara, Let's talk about setting up an internal briefing for folks outside our division on that status of Riverside Ag Park. Thanks.

Subject: EJ/Public Participation Complaint

Dear Ms. Mascarenas and Ms. Kapahi:

First, I am filing a complaint concerning the Voluntary Cleanup Agreement for the Riverside Agricultural Park for not abiding by the California Health and Safety Code section 25395.96(1)(A)(iii)&(v), section 25395.96(1)(D), section 25395.96(1)(E).
The Project Manager has not provided a reasonable opportunity to comment on related documents and has not considered comments recieved prior to taking action.
The Project Manager has not provided information regarding the process by which decisions about the site are made and the recourse that is available for those who may disagree with an agency decision.

Secondly I am filing a complaint the the Riverside Agriculture Park Cleanup was not formally reviewed as Environmental Justice area,did not complete a Community Profile & Baseline Community Survey and did not develop a Public Participation Plan.

Thirdly, I am filing a complaint that the following contaminated sites were not formally reviewed as Environmental Justice areas and did not complete Community Profiles & Baseline Community Surveys and did not develop Public Participation Plans; these sites were **misclassified u**nder a lower the Public Participation catagory and **did not have community participation or review of any remediation or cleanup activities:**
CP Anza(J09CA0267)(33970009), Arlington Staging Area(80000872)(J09CA717000), Rohr Industries, Inc.
(T0606500068), Rohr Industries Inc. (T0606500049), RVSD City Brown Property (T0606500123), Riverside Municipal Airport(T0606500319).

Also, the majority of these sites should be under one cleanup order under since evidence indicates that the contamination originated from WWII Camp Anza and Rohr Industries.

I am requesting a written reply to each allegation. Thank you for your assistance.

Sincerely,

Bruce Bailey
