INTERNAL DELIBERATIVE PRE-DECISIONAL (APPLIES TO PREVIOUS SHARING OF DRAFT):

Lucy,

Thank you for reviewing.

Sorry that you were not able to edit at the site. It's in my shared OneDrive. I agree that Tony should have a role in this issue. My initial thought was that for Phase I it need not be an OOO issue (yet), but I think you're right that he should be in as a participant. Phase II (an oversight inquiry) necessarily includes him or his designee.

Hi Mat

Thank you for drafting this! Nice work....

A few thoughts – I think Tony B should be part of the ET sponsors (I am fine with being the Liaison in my role as Ag Exec ... and I know he has many other commitments right now), but recommend he be in loop

I added a few more questions to be answered – and re-ordered the questions. It probably does not matter the order of the questions, but I think first and foremost we should assess the quality of data and look at how it compares with OR DOH data...

All comments/thoughts are just that, and feel free to disregard if it is adding too much to this first phase, or call if you want to discuss

Also, with respect to sharepoint, I was able to edit but not to upload back to that sharepoint site I so re-saved and am sending back to you as an attachment.

Thanks!
