Subject: RE: [External] MarkWest's Harmon Creek Plant updated monitoring plan

I have checked with PA DEP staff regarding the latest iteration of the Harmon Creek Plan. Mark West has addressed PA DEP's concerns and the plan is acceptable.

However, PA DEP will not be signing the document, and MarkWest should remove the signature lines for PA DEP.

Thanks Michael – we agree that the CD is structured in that manner. We are very interested in PA DEP's thoughts so we can discuss any concerns, as needed, and then respond to MarkWest. For ease of reference, I've attached the March 13, 2019 conditional approval letter we sent to MarkWest regarding the deficiencies identified in the prior submittal. I'm hoping that MarkWest has fully addressed these issues in the draft that Natalia has attached.

I've added Doug Snyder to this email, but I know he is out of the office this week.

Thanks.

Under the CD EPA approves the plan in consultation with DEP (Par. 28.c). So, Nick Lazor and Sean Nolan would not sign off. Rather DEP will convey its comments and whether the pan is acceptable or not to EPA.
