Yes, I just need to clean up one or two items. I will have it finalized and out to the state and Hercules likely this week. I was going to work on it this weekend but the attorney for the State is on vacation this week so I have been focused on time-critical matters related to Riverside – which if you have a moment Doug I really need to touch base on bc we have a Very short turnaround time and [redacted] Ex. 5 AC/AWP/DP Also, PPG took its name of its FS submittal (as they said they might) and I inquired Thursday morning to see if that was final (as they have given us a lot of language they want in this FS) but counsel for PPG has not responded to me yet. Regardless, Hercules will be with the State in plenty of time so they can start reviewing when back next week.

Will can update this as needed, but at the end of last week Will told NJ that we were finishing cleaning up the CD and hoped to send a final review draft to the state at either the end of last week or early this week.

Will - are we also close to sending a final draft to Hercules?
